

GRITTENHAM BARN

MODERN AND ANCIENT, BEAUTIFULLY MERGED

Grittenham Barn is a traditional stone building with breath-taking views over the South Downs. It has been immaculately restored and features a stunning central fireplace. Set in the heart of the West Sussex countryside between Petworth and Midhurst, the site predates the 17th Century and is mentioned in the Domesday Book. The barn, farmhouse and outbuildings are Grade II listed and this beautiful property is set in stunning gardens with a lake, orchard and woodland. It is a perfect location for weddings, workshops, conferences, exhibitions and private parties.
